Selectmen's Meeting

MARCH 18, 1986 - by VIRGINIA ARRAL

FIREFIGHTERS AND SELECTMEN AGREE ON INSURANCE COVERAGE PLAN

With the Selectmen's office overflowing with firefighters and their wives, Selectmen Chairman John DeCosta opened the meeting last Tuesday with a moment of silence in memory of Winfield Jenney who died on March 16th. Jenney, who served the town as its water commissioner and harbormaster in over 50 years of service, also served for 10 years with DeCosta on the Mattapoisett River Valley Water Committee. "We have lost a friend and fellow worker", said DeCosta.

The firefighters met to discuss the Firefighters' Association's request for better weekly insurance coverage if a firefighter is injured. Paul M. Kelley, Jr., fire alarm superintendent and spokesman, said the committee has reorganized with Ronald Scott, James Nunes and himself as chairman. Kelley stressed their aim was to give the firefighters a living wage if they are injured and cannot work at their outside jobs.

The Selectmen proposed an article for the annual town meeting, which was wholeheartedly approved by the firefighters present. The article will read: "to have the town pay an injured firefighter anything over $150. per week up to their outside job salary, but not to exceed $350. per week".

Peter Briggs, insurance agent who holds the policy on the firefighters, explained the present policy includes $20,000 life insurance and no change is sought in this coverage. He said he had sought other insurance companies who would up the weekly coverage from the $150. with no luck. The only company responding gave a maximum of $250. per week, but $10,000 for the total package premium is a lot of money for this coverage, considering the fact that in 25 years the town has had only two people collect a weekly salary.

Selectman James F. Huntoon commented, "we can be insurance poor".

Kelley said more should be done about coverage for those over the age of 60. Briggs said he will check into this coverage but noted the present policy does not cover heart or circulation illnesses for those over age 60. Fire Chief Donald Wood added that he had checked this coverage in area towns - Fairhaven's limit is age 65; Acushnet and Marion have no age limit.

Firefighter Donald Linhares asked about the $10,000 limit on medical expenses. "Anything over and we would have to sue," he said. Briggs explained there are various coverages as they apply to volunteer firefighters, with insurances such as Blue Cross and Workman's Compensation that the firefighter might carry on their outside full-time job.

In other business, Selectmen:

MET WITH two members of the Personnel Board to discuss the Board's rejection in recommending at town meeting a full-time assistant to the town accountant. Only Roy Andrews and Ridgeway Crouch attended. Crouch noted they could not make any promises before checking with the full board.

Selectman Huntoon told the members, "we're asking you to review our request again. We prefer not to use our options, that of tak-

ing our case to town meeting without your recommendation. We're going to take a hard line with this position. We plan to go to town meeting and fight you, if you do not recommend it with us."

Selectman Frank Suzan responded to Crouch's question, what's changed from the original 15 hours requested when the employee was hired to full-time, saying, "the workload had become too much for one person without the town accountant working overtime". Suzan explained the town accountant has to prepare seven weekly reports taking 1144 hours annually, and monthly reports taking 240 hours annually, and 282 hours for annual reports - totaling 1660 hours annually of just reports. Suzan noted this leaves little time for other work.

Selectmen stressed Town Accountant Betty Sears is handling a $4 million budget, and she needs a backup in the event she becomes ill. "If we don't help her, we'll lose her. We lost our former accountant, Barbara Dakin, because of the heavy workload," Suzan said.

Huntoon explained the town has two years to parallel two accounting systems before the state mandated new Uniform Municipal Accounting System (UMAS) goes into effect.

Selectmen agreed this matter will have to be discussed with the full Personnel Board and suggested their full board meet next week with the Selectmen and the Finance Committee. If accepted at town meeting, Selectmen will have to advertise for the full-time job. The present part-time employee will have the opportunity to apply for the full-time job, which will replace the part-time one.

FENTON FROM-A-FAR

A CONTINUING CELEBRATION IN FINE GLASS.

Glass is a magical substance, caught somewhere in time between a solid and a liquid. It is a demanding substance, requiring both confidence and abundant respect. To tame the fire has long been a challenge for man, and the skillful creation of art from glass may well be the most beautiful proof of accomplishing that dream. The Fenton Art Glass Company has been living this dream for over 80 years, remaining true to times gone by, when quality and beauty were works of a man's hands, and "faster" wasn't the only way. Fenton has tamed the fire - beautifully.

RECEIVED A LETTER from the Congregational Church's Moderator, Kenneth W. Stickney, expressing displeasure at the ticketing by the police department in recent weeks of several cars parked on the east side of Mechanic Street opposite the parish hall. "Parking is at a premium, especially for Sunday services, and the loss of three spaces is serious."

Stickney asked the Selectmen to consider starting the no parking zone opposite the north corner of the parish hall. In the meantime, "we would appreciate a better placement of the sign so that our parishioners will be more aware of it."

Selectmen noted Safety Officer R. Stanley Ennis had the sign moved to its proper place last week.

Huntoon recommended starting a "milestone chart" to keep ahead of what has to be done before tax bills go out. "Taxpayers would be amazed at how much we pay out in interest to borrow before bills go out. We borrowed $40,000 for the fiscal 1986 budget because tax bills were so late going out."

Remembering Win

DCJ

Perhaps the last great adventure of Winfield Jenney, who died on March 16th, was his flight over Mattapoisett, across Buzzards Bay and down the coast of Cape Cod in Norman Gingrass' seaplane. It was his 80th birthday gift. It was typical of Win that he loved the flight. It was characteristic of him that he shot pictures all the way so that he could share it. We all saw the prints in this paper in January of the Fall flight which Win photographed with his small Leica with color film. His hobby was so much a part of the pleasure of his life. He recorded the beauty and interest of the present to share. Over the years, we have printed many of his shots of the everyday events of the town. Many of the moments that we savor because they are the moments of our life Win noticed, stopped to frame and carefully recorded on film. He traveled the town by Moped. He had discovered the fun of this vehicle on a trip

to Bermuda and, since it is the ideal vehicle for a photographer, he used it for an open view of the passing scene, the ability to stop at once and shoot. Win was a man of many interests and the photographic hobby was one.

Another facet of his personality was just plain grass roots citizenship. His friends will always recall, I am sure, Win standing in Town Meeting, fact sheets in hand, advocating his position on town business. So much of value has been lost in our republic but by far the greatest loss has been the do-it-yourself government of the individual citizen. Win was from a period before this loss and he carried on in a manner that lives and breathes of the democratic ideal that power resides with the people and they govern with judgement based on common sense and majority benefit. The growth and complexity of all levels of government have caused the power to pass from the people to the groups with selfish desires. Win, though he had uncommon good sense, never acknowledged the change and he stood and fought for the things he believed important.

He personified another vanishing quality - that of public service for its own sake for only token compensation. Win involved himself for most of his adult life in service to Mattapoisett. He was wharf commissioner and retained keen interest long after he no longer officially held the post. Former Selectman George White opines that Win's greatest contribution to the town was working with the state to rebuild the western most wharf and the new ramp and other wharf repairs. Valuable as this was, it surely is debatable since Win's contributions were so many. He fought hard to make the state take a more southern route for 195

because he knew that the highway built as it is would pollute our #2 well on the river to the south. He was right but he lost. However, thanks to the foresight of the Water Commissioners, spearheaded by Win Jenney, we had new well fields in Tinkhamtown. Every time you drink a glass of pure, clean Mattapoisett water you can toast Win.

Until his final days he retained the love of our natural gifts centered around our fine harbor as we well know by the pictures he recorded through the lens that was the extension of his eye. He retained a keen interest in square dancing long after he no longer could take active pleasure in that activity. He knew how much a part of the summer season it represented. He and his wife Ruth took in the Old Rochester mascot bulldog to care for in a loving home. Afterward Win and bulldog (and bulldog descendants) appeared at game after game in mascot duty.

It can be said that when the history of the town is written most of the recorded scene will have been captured through the lens of Win Jenney as he rode his Moped, camera slung on his shoulder, looking forward to the next shot. He was a man very much in the present, looking ahead, and always concerned with the best interest of the community he championed. He was one of the rare, the few, who care enough

The Festival of Fun!

The Mattapoisett Parent-Teachers' Club is proud to announce The Festival of Fun. Bethany Sundquist, a 6th grade student at Old Hammondtown School, is the winner of the Name Our Spring Fair Contest. Bethany will receive a certificate for lunch, 5 tickets for games and a ride on the G.H. Dunn Fire Engine on the day of the fair.

The Festival of Fun seems a distinctly appropriate title, because a fun time will be had by all on Saturday, May 31st at Center School.

Honorable Mention is awarded to Joanne Amoruso, Ian Golten and Amy West. For their suggestions they will receive 5 tickets for games at the fair.

All proceeds from The Festival of Fun will directly benefit our Mattapoisett Elementary School children.

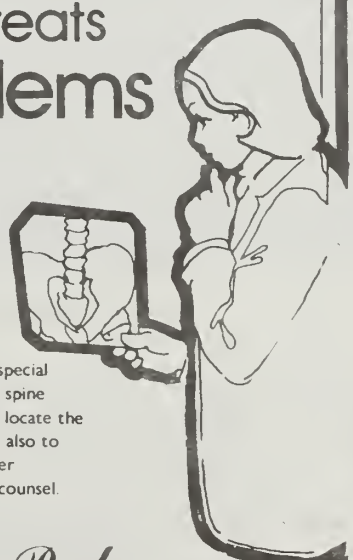
Chiropractic treats
Back Problems



Persistent or recurring aches in the lower back and limbs may suggest a possible lower spinal or pelvic problem. This often requires a structural correction of the cause in order to relieve the condition. Although drugs may hide the pain temporarily, the spine and sacroiliac must be aligned to their proper position for normal function.

The doctor of chiropractic has made a special study of conditions related to the sacroiliac, spine and nervous system. She seeks to not only locate the problem and give relief from symptoms, but also to correct the fundamental cause as well as offer preventive, rehabilitation, and maintenance counsel.

ies of six first edition plates pressed at the Pairpoint Glass and sponsored by "Dollars for Scholars". The first three plates included Ned's Point Light (Mattapoisett), Tabor Boy (Marion), and the Hartley Saw Mill (Rochester). Proceeds from the sale of cup plates benefit the MMR Tri-Town "Dollars for Scholars" Scholarship Program. Since 1983 MMR has been awarding scholarships to graduating seniors, continuing education students, and re-entry students from the tri-town area.

The MMR Board of Trustees wishes to take this opportunity to extend its thanks to Country Charm, Seaport Pharmacy, and Sitting Duck for supporting the MMR Scholarship Program. These local businesses realize no profit from the sale of cup plates; all proceeds go directly to the scholarship fund.

GARDEN GROUP

Wednesday, April 2nd, is the day the Garden Group of the Mattapoisett Woman's Club is planning to visit the Allen Haskell Nursery at 787 Shawmut Avenue, New Bedford. In addition to winning blue ribbons in flower shows, Mr. Haskell's expertise is widely sought in many civic projects. Many of us are already familiar with his gardens, and realize there is always something new and different to see. For those who are not, this is a real opportunity to become acquainted with one of the really fine resources available to our region.

Chess Team

The Old Rochester Regional Chess Team completed league play this week by defeating New Bedford High in the second match of a best two-out-of-three playoff by a score of 5-0. This was the fourth consecutive year that ORR has gone undefeated in league play and awaits the State District Finals which will be held in Sudbury on Sunday, March 23rd.

Winning for ORR in the final match of playoffs were Aaron Sylvia (captain), Erik Sylvia, Brian Reid, Gary Prevost and Natt Everett.

Mr. Cameron, Chess Advisor for ORR, praised the students for their determination and diligence throughout the season. "Being the defending State Champs put a bit of pressure on the players this year. For the past three years we hadn't lost a match and last year we not only won, but were 'shutting out' everyone. The players were keenly aware of our past achievements and didn't want to be responsible for the team's demise. I only hope the team is peaking for the State Tournament. At that level anything can happen. We first must win our District Finals and that's the only thing on our minds now."

Silent Running in an Alden Ocean Shell

This is solitude. It's also one of the best total body workouts you can get—bar none. Rowing alone on the water gives you peace of mind. It also increases stamina, builds endurance and develops total fitness.

Rowing uses *all* the major muscle groups — legs, back, shoulders, arms, chest, thorax and abdomen—and it does it in a natural, rhythmic motion that is almost completely injury free.

Are you a runner? Competition sailor? Cross country skier? Why not *stay* in shape in an Alden Ocean Shell.

HOLOCAUST SURVIVOR TO SPEAK AT MEETING

Abram Landau, a survivor of the Holocaust, will speak to the Mattapoisett Lions on April 9th at their monthly meeting held at Gaetanos' Restaurant.

Cantor Landau spent 5½ years in 14 Concentration camps during World War II. He was incarcerated almost from the onset of the war, and remained imprisoned until the end, outliving the Nazi empire. He was shipped almost at random from camp to camp, never knowing if each day would be his last.

From its beginning to its very end, he knew the Holocaust as a lived event. Others have subjectively described aspects of life within the concentration camps. However, few others can ever personally understand the genocide and tell of it so completely.

Abram Landau has lived in New Bedford for the past 35 years where he is a tailor and cantor. He was liberated from confinement at the Bergen-Belsen camp on April 15, 1945. His wife Freda was also held at Bergen-Bel-

sen. They were later married in September 1946. The Landaus came to New Bedford in 1950, and soon after opened up a tailor shop. They have a son and daughter.

Landau has spoken to students and other groups about that period in his life in the hope that the events of the Holocaust will not be repeated.

poisett Town Beach", Albert A. Boucher has stretched those few years into 31 years. On the wet and windy March 19th of this interview, it certainly was nothing like the weather Al has seen on the beach during June, July and August of each summer.

Boucher notified the Board of Selectmen last week that he would not return for a 32nd year as he has plans to visit his son and his family in West Germany this summer. His son, Capt. Rene Boucher, is a doctor in the Army and will be stationed there for three years. Also, Al said there is a new grandson there he has not seen. "My wife of 35 years, Henriette, and I also plan to travel through Switzerland, Italy and France" on a much needed vacation.

Various townspeople, who themselves or whose children had been taught to swim by Al, have repeated over and over again, "I can't believe it's been 32 years. I can't remember anyone else having been there as director." All had a good word for the cleanliness of the beach, the safety of the beach and for the swimming lessons, swim meet and the volleyball tournaments Al has supervised.

Al said, "When I came in 1955 it was the summer after the 1954 hurricane and the beach and bathhouse were a mess. Before I was appointed by the Selectmen there was a lifeguard (no director at that time) from

Boston who took one look at the results of the storm and said 'that's enough'. I told the Selectmen I'd try it for a few years. If not the oldest in service and age doing this type of work, I'd be very, very surprised. And I'm still going strong."

As Physical Education instructor at Old Rochester Regional High School, Al has come in contact with the same young people during the winter and summer. He likes to refer to the beach as a "family beach", because of the parents and their small children, teenagers and older residents making up a varied age pattern. Although Al hasn't been instructing swim classes in the past few years, he has seen the youngsters of yesteryear now parents and bringing their children for lessons.

Al said that at one time before the ORR High School was built Mattapoisett teenagers attended Fairhaven High School and Fairhaven students with friends in Mattapoisett flocked here to the Mattapoisett beach. This lasted until 1961 - now Fairhaven residents, like all from out-of-town, have to pay a fee to use the beach. "I could tell the youngsters at the beach the same thing I tell my Phys. Ed. students. I might have had your mother or father, and I have you, but not your children."

One of the notable changes over the years is the safety feature the 100 yard by 100 yard life line - this line prevents anyone, including adults, from swimming beyond the line. The second is the removal in 1972 of the tower and diving board on the raft. He explained, "I realize it took a lot of the excitement away, but it was done for safety reasons. I told Selectmen at the time, either dredge the area or remove the tower and board. As there were no funds for dredging, they were taken down."

In an up-date on the subject of rafts, Al said the towns of Falmouth and Onset and the city of New Bedford have removed rafts from their beaches. "A lot of communities are concerned with liability coverage and the possibility of being sued in the event of an accident." He noted this past summer was the first time in 31 years he has had two "saves" in one week. These were at high tide with these two people trying to swim to the raft. And they weren't children - one was an adult male in his 20s; the other a teenage girl. "One of my regulations has been no one on the raft unless they have completed the Intermediate Swim Class."

He explained the swim meets, which are very popular with both year-round and summer residents, were in existence before he came as Beach Director, but have grown greatly in attendance, as have the swimming lessons. "We have had to hire several swimming instructors to handle the various groups of swimming classes." In reminiscing about the youngsters who have touched his life over the years, many, he said, received instruction here and returned later as lifeguards

and instructors themselves. Among these are Maureen Duff, Chris Riley, Pam Peirce and Bill Spark.

When Boucher started in 1955 he worked alone six days a week, 48 hours for $50. per week, which comes to a little over $1. per hour. His last salary rate of pay was listed as $7.10 per hour for five days, 40 hours. But, he explained, the beach has expanded, both in people and in size. A few years ago the town obtained additional land on the east side, making more room for the volleyball games.

Al is very obviously proud of the volleyball games that have been held on the beach for many years, both as a recreation and now with tournaments, now including more girls. "We have two tournaments; one is sponsored by the Harbor Day Committee, the other as part of the beach activities. When I see the 'super' playing by the girls on the ORR volleyball teams, I realize this is definitely a coed game. Volleyball is an activity you can play all your life."

In addition to the many awards he has received locally for his winning track team while track coach at New Bedford High School, Boucher was named a member in 1980 of the Massachusetts Track Coaches Hall of Fame.

SHAMROCK SHINDIG A BIG SUCCESS

A good time was had by all at the St. Patrick's Day Dance on March 15th. Dick Mello provided us with everything from big band music to Phil Collins. The bobbing for balloons provided an interesting finale.

The Firefighters' Auxiliary profited by about $600.00 for the evening and hopes to hold another dance later on this summer.

Letters to the Editor

On April 16, 1986 the voters of Rochester will be asked to make an important decision on the future of the Rochester Memorial School. We will be asked to override Proposition 2½ so that the intolerable overcrowded conditions can be remedied by renovating the existing school and building a new addition.

School population studies project an enrollment of 535 students by 1995. The construction and renovating would take approximately two years to complete. The time to address this issue is now! The Commonwealth will at this time reimburse Rochester for 75% of not only renovations and new construction, but also furniture and equipment. The 75% reimbursement figure is not a constant and could change to a lesser amount. As Rochester continues to grow, our "rural" status, one of the major criterion for determining the re-

If the proposed addition costs the maximum 5 million dollars (the architect's plans are preliminary only), Rochester's share would be approximately 1.24 million. The cost of borrowing is the lowest it's been in some time and there is no guarantee it will remain at such favorable rates.

LETTER TO THE EDITOR

Rarely - if ever - do we hear good news on our TV screens each day, our radios or even our daily papers. However, there is still a majority of people in the world doing good and spreading joy. Mother Teresa - the Nobel Peace Prize winner - begs us to proclaim it - especially as we soon experience the Resurrection of Christ on Easter Sunday and in all nature renewing life around us.

She said: "Joy is prayer, joy is strength; joy is love; joy is a net of love by which you can catch souls. God loves a cheerful giver. She gives most who gives with joy. The best way to show our gratitude to God and the people is to accept everything with joy. A joyful heart is the inevitable result of a heart brimming with love. Never let anything so fill you with sorrow as to make you forget THE JOY OF THE CHRIST RISEN".

A Happy Easter to Presto Press and all its readers.

Parent-Child Workshops

CHAPTER I "MAKE & TAKE IT" WORKSHOP

On March 11th the Chapter I program at Marion's Sippican School hosted another of its popular parent-child workshops. Joining with staff, students and parents from Chapter 1 at Rochester Memorial School, Marion Chapter 1 staff, and families created file folder games and bound their own books. The colorful games fold up holding flash cards and game pieces inside for easy transport. Each book, handmade with several blank pages, will be used in a special way by its "publisher". In case of "writer's block", handouts were provided with suggestions suitable for all ages.

Room was at a premium for seventy-five workers who spread materials over every available surface in two classrooms as they bent to the task.

Chapter 1 is a federally funded tutorial program. The goals of our Chapter 1, officially called "Project Support", are to provide instructional assistance and reinforcement for children not achieving at expected levels in reading and math, to help children to work independently, and to foster in them a positive self-image. Marion Chapter 1 has been selected as an exemplary program by the Massachusetts Department of Education and nominated for national recognition.

"Like a Ripe Fruit"

Editorial, DCJ

President Reagan's latest appeal to the American people for support failed in our view for two reasons. The President fatally flawed his argument when he said that the United States had captured Communist documents in Granada that revealed the Soviet plan to threaten the United States through Central America. If he has those cards, why doesn't he play them? If Americans can be shown evidence that this country is under threat there is nothing they will not do to halt it. Certainly there is nothing to be gained by classifying Communist documents so that the Soviets will not find out their own plans.

The second flaw in the President's appeal was for a hundred million dollars to subsidize the Contras to do the fighting. In every case where we have tried to support "Freedom Fighters" we have gone down to defeat. The problem apparently is that we support fighters who never have experienced freedom, as we know it, led by leaders who pocket our money.

The security of the United States is a do-it-yourself proposition. If we are con-

tent to stand still while Bear Bombers patrol our east coast on a daily basis, while the Soviets arm Central American Communists with Soviet weapons; while the Soviets build air bases and submarine bases not only in Cuba but also in Central America; then we won't have to worry long about missiles in Europe.

The Soviet Communists have never made any secret about their plans to surround the United States, cut us off through Central America, move into our "soft underbelly" and "let us fall into their hands like a ripe fruit".

If President Reagan has captured the current Soviet Communist plans to do just this, he should lay them out for Americans to see. Even our people in power who daily wring their hands over the mistake of Vietnam would have to shut up and ponder the difference between southeast Asia and the unfenced, unfortified southern border of the United States.

If the situation were reversed, if United States' bombers flew a daily mission along the coast of Russia, if we were supplying tanks and planes to Polish freedom fighters and arming them with modern weapons, if we were building air fields in Hungary, what would the Soviets do?

The Communists, as they also have written, take two steps forward and one step back. They did just that in Cuba and it has become a Soviet base that they have exploited to the hilt.

This is not Vietnam. We are not sitting half a world away from this Communist step by step arming and exploitation of Central America.

Even if the U.S. Senate should now reverse the House vote to support the Contras, the President should still reveal the cap-

Council for Children

Patricia V. Duarte, Chairperson New Bedford Council for Children, announces the Council's 7:00 p.m. March 20th meeting at the Buttonwood Park Library. Ms. Donna Jeffers, Director Department of Social Service Foster Care Review Unit, is the guest speaker.

Ms. Jeffers' topic is "Caring for Children in Crisis - the Need for Case Review and Citizen Volunteers". She will discuss the removal of children from their homes when this becomes necessary for their protection.

The Massachusetts Legislature passed a law in 1984 that specifies how cases of families with children in substitute care will be reviewed. Ms. Jeffers will explain this and the importance of local citizens, sensitive to the family's cultural background, becoming trained case reviewers. A Volunteer Case Reviewer can make a difference in a child's life through thoughtful participation and objectivity while reviewing a child's case. Bi-lingual individuals and citizens of minority groups are particularly needed as case reviewers in the Greater New Bedford area. Training is provided and includes payment of a small stipend.

"The Dining Room", a social satire, will be presented under the direction of Angus Bailey by the Southeastern Massachusetts University Theatre Company Thursday through Sunday, April 3-6.

"The Dining Room" by A.R. Gurney, Jr., first produced in New York during the 1981-82 season, presents a series of vignettes which satirize the "folkways of the WASPS" for the past fifty years, from the depression era to the present. While the setting is Buffalo, N.Y. it could just as effectively be Beacon Hill or Providence's East Side.

Actor #1 is played by Robert Keough, Actor #2, Peter Michaud; Actor #3, Davison Paull; Actress #1, Patti Hathaway; Actress #2, Deborah Casavant; Actress #3, Gail Phaneuf. Set design is by Paul Johnson; lighting design, Ron Downing; costume mistress, Irvinia L. Scott; properties, Denise Glickler.

Tickets are $4. for the general public, $3. for senior citizens and for students with IDs. On Thursday, April 3rd, there will be a special price of $1. for students with IDs. Tickets can be reserved in advance by calling 999-8167, or purchased at the door on the performance evening. Curtain time in the main auditorium of the Campus Center is 8 p.m. The public is advised to use parking lots 4 and 5.

nun's Mother Superior, who fears both the potential scandal involved and the damage to the young sister that intense analysis may bring.

The play is based on the true story of a young nun who gave birth in a convent in Buffalo, N.Y. about 10 years ago. Someone killed the baby to prevent what turned out to be a scandal anyway.

Coming to Zeiterion:

THE BEST OF GILBERT & SULLIVAN

Five former principals and the former associate conductor from the D'Oyly Carte Opera Company of London will present THE BEST OF GILBERT & SULLIVAN at the Zeiterion Theatre in downtown New Bedford on Saturday, April 5th, at 8:00 p.m. Presented as part of the Merrill Lynch International Series, tickets for this evening of Gilbert & Sullivan favorites are priced from $8.00 to $12.00 with a $2.00 discount for students and senior citizens. Tickets may be purchased by calling the theatre's box office at 994-2900.

On March 25, 1875, at a little theatre in London's Soho called The Royalty, Trial by Jury, a dramatic cantata by William Schwenck Gilbert and Arthur Seymour Sullivan, opened. It was here that they met Richard D'Oyly Carte, manager of The Royalty. It was his genius that was to contain the sharply opposing temperaments of author (Gilbert) and composer (Sullivan) in a continually productive partnership presenting English comic opera on the London stage.

The D'Oyly Carte Opera Company, after producing Gilbert & Sullivan on stage for over 100 years, gave its last performance in February of 1982. However, the company's tradition is still alive and thriving - embodied in their remarkable stars.

Geoffrey Shovelton, Principal Tenor with the D'Oyly Carte when it closed, had the great honor of singing before and being presented to Her Majesty the Queen and Her Majesty Elizabeth the Queen Mother. He has toured with the D'Oyly Carte through-

Alistair Donkin claimed his first major principal role with the company after only a year, that of the Major General in "The Pirates of Penzance". He can also claim to have been one of the most important players in the whole company, as understudy to all the major principal comedy roles.

Vivian Tierney was Principal Soprano with the company. She played the roles of Mable in "The Pirates of Penzance", Josephine in "H.M.S. Pinafore", Yum-Yum in "The Mikado", and the title role in "Princess Ida".

Lorraine Daniles jointed the D'Oyly Carte company in 1976. She has been privileged to sing for many members of the Royal family, including Her Majesty the Queen, H.R.H. Prince Philip, and Her Majesty Elizabeth the Queen Mother. She appeared as Pitti-Sing in the film "Chariots of Fire". For almost 25 years Kenneth Sandford has become synonymous with the roles he played and recorded: Pooh-Bah, Don Alhambra, Grosvenor, Shadbolt, and Dr. Daly. Joining the company as Principal Baritone in 1957, he has made seven tours of North America, the first in 1962. David Mackie joined the company in 1975 and was made Chorus Master and Associate Conductor in 1976. He has conducted over 500 performances, touring ex-

at the East parking lot of the Horseneck State Park. Enrollment is limited. To register for this walk please call the Lloyd Center at 990-0505.

The dune system at Horseneck Beach includes a series of zones from the ocean to the road and the marshes, a system not found extensively anywhere else in the Fall River - Greater New Bedford area. An extensive dune system includes tertiary dunes with older pines rooted in them. At this time of the year many bird species are passing through or returning to this area. The pines and other vegetation serve as feeding stations and shelter for many spring migrating species.

In addition to the vegetation and bird life, there is a diversity of wildlife activity which can be observed at this time of year which is not always in evidence when the park is filled with summer crowds. Small mammals and insects become active on warm spring days. Butterflies can be seen in the air over the dunes. Along the shore the wrack line often includes evidence of off-shore life which winter storms have brought up onto the beach.

Upcoming weekly walks will include Birds of Demarest Lloyd State Park, the Rocky Shore of Southeastern Massachusetts, and
